The screenshot shows a web browser window with the title 'HashCrackerApp'. The address bar displays 'localhost:4242'. The main content area has a blue header bar with the text 'LM Hash Cracker'. Below this, there are two columns of input fields. The left column is labeled 'Enter an LM Hash to be guessed' and is currently empty. The right column is labeled 'Enter a password to be converted to an LM Hash' and contains a text input field with the value 'mysecret'. Below the input field is a blue button labeled 'Find Hash'. Below the button, the output is displayed: 'Plaintext: mysecret' in blue, 'LM Hash:' in red, followed by the hash value '7B0662E4590E238A417EAF50CFAC29C3' in red. At the bottom, it shows 'Date Found: 1512352197' in blue and 'Times Requested: 0' in blue.
