

Initial Screen

The screenshot shows a web browser window titled "HashCrackerApp" with the address bar displaying "localhost:4242". The browser's bookmark bar includes categories like Communications, Video, Photos/Art, Music, Computer Stuff, Games, and Info Sites. The application interface features a prominent blue header with the text "LM Hash Cracker". Below this header, there are two distinct input sections. The left section, titled "Enter an LM Hash to be guessed", contains a text input field labeled "Hash Value" and a blue button labeled "Find Password". The right section, titled "Enter a password to be converted to an LM Hash", contains a text input field labeled "Password" and a blue button labeled "Find Hash".
